Sir,

OFFICE OF THE MINISTER FOR L S G & P H
Date 27 6 1942
No 8142

We, the undersigned, representing the Muslim Community in Channapatna Town, beg to bring the following for your kind consideration and favourable disposal

Submitted to the Minister L S G

1 The Muslim community of Channapatna consists of a population almost equal to the Hindu Community, the Muslims being about 7,000 and Hindus about 8,000. Before the Town Municipal Council was superseded, the Town was divided into three Municipal divisions and it was these three divisions which constituted the constituencies for elections to the Municipal Council, the 1st two having 7 seats each and the last, one seat When things were like this, the Mussalmans used to get eight seats, one by nomination and the rest, by means of election from 'B' Division, thus securing equal and proper representation in the management and conduct of civic affairs in the Town

2 Since the restoration order of the Municipal Council recently, such an equitable arrangement, has come to an end by the three Divisions being split up into seven smaller divisions, of which, only the 6th and the 7th divisions given 2 seats each, seem to have been reserved for the representation of Muslim interests only The recent elections too have conclusively shown that our community cannot hope to secure equal prominence with the sister community of Hindus and that it is condemned to play a minor, insignificant and

in-effective role in the Councils of the Town, for, out of FIFTEEN elected seats, the Muslims have secured only FIVE seats in the Council We have strong reasons to suspect that this inequitable arrangement has been brought about by powerful local influences working behind the - scenes and manoeuvring for stifling effective Muslim representation Even the 5th Seat secured recently by a Member of our community is due to his popularity among Hindus and was only an accident Barring this accidental incident, the Muslims can ordinarily hope to get only 4 seats, out of Fifteen in the elections

3 As soon as they came to know of the gross disparity in the splitting of constituencies without consulting the Muslim population or having regard to their interests, a largely signed Memorial was presented to the Government, copy of which is enclosed herewith for easy reference, - pointing out the injustice of the step and requesting the favour of re-distribution of constituencies, so as to secure equal number of seats in the Council for the Muslim community To our regret, we were told by means of an endorsement, that as our request was belated, nothing could be done at that stage

4 The Muslim community has, since time immemorial, played a great and not insignificant part in the progress and advancement of Channapatna Town, its membersbeing engaged in various phases and activities contributing to the well-being of the Town When that is so, it is extremely painful to see that such an important community as owrs being condemned by the dispensation of local authorities to have an insignificant and totally un-satisfactory representation in the Municipal Council

5 Our object in approaching the Government again is to request them to undo the wrong by at least granting 3 more seats to the community by means of nomination till the permanent injustice arising out of the present re-distribution of constituencies is redressed, so as to bring thelevel of Muslim representation to the old one of EIGHT seats in the Council. We beg to take the liberty of proposing the following names of the members of our community for selection for nomination.

and we fervently pray that our legitimate and genuine request may be considered dispassionately and the wrong done to us be kindly redressed by nominating 3 persons from among the gentlemen mentioned above

(Copy of Memorial submitted to Government on
14th April 1942.)

Respected Sir,

We, the Muslim citizens of the Town Municipality, Channapatna beg to submit as follows -

The Government of H. H. The Maharaja was graciously pleased to order the restoration of the Channapatna Municipal Council from 1st July 1942 for which we are thankful to Government.

Necessary steps were taken by the authorities of the Municipality to hold the election of the Council by dividing the original 3 blocks into 7 blocks for the purpose of election and by preparing and publishing the Voters' list, the last date for presenting objections being 14-4-1942.

Before the supersession of the Council, it has been the practice for so many years that about half of the elected Councillors were being returned from the Muslim community and therefore their representation in comparison with that population was right. Now after dividing the previous three divisions into 7 blocks, it is observed by perusing the voters' list published, that the Muslim representation is reduced to 2 as excepting in one Block No VI, all the remaining 6 blocks contain a majority of Hindu and others, though in block No VII there are about 3 muslim voters more than Hindu voters, but there too so many muslim voters are dead and several muslim ladies are voters who an account of their parda do not attend the polling centre.

Though in block No 4, which includes Syedwadi,

Pathanwadi and Sreechurnadakeri old, which are a Muslim populated area, where about 1,500 muslims reside, there is no possibility of a single muslim being returned as in that division, the Hindu voters are more than double the Muslim voters.

The Muslim population of the town is about 7,000 and out of the total population of 14,000 of the town, and in view of their population and previous representation, the present blocks made has rendered them to a perfect minority as not more that two muslims could be returned in general elections as only two seats have been allotted to block No.VI

Sir, the experience of Municipal elections at Bangalore and Mysore cities have proved that none but the Congress candidates could be returned from the blocks where Hindus are in majority and in view of the annual session of the Congress now in progress at Channapatna it cannot be expected that Hindus would vote for muslims.

Sir, if the elections are held as per the published list of voters of the respective blocks, it would greatly effect the Muslim interest at Channapatna and the Muslims will be ~~received~~ agrieved at the hands of the Congress majority and we will not have adequate and proper representation in the Council.

Therefore, sir, we most respectfully submit that elections of the Municipal council be kindly ordered to be held in accordance with the original three divisions viz., A, B, and C , duly publishing the voters' list for these three divisions as before the supersession of the Council postponing the election held on 18-6-1942 to some other date.

In this connection we beg to submit that before dividing

the town into 7 division, not a muslim was consulted nor public opinion was called for except with the consultation of some Hindu leaders.

Therefore, sir, we most respectfully submit that if our request is not accepted, the Muslims of the town will ever remain under the hands of the Congress and there will be no hope of their further rescue. The town if desired to be made into more blocks, the future council will do so for the next election.

We hope that our earnest request will be accepted and an early order is issued to hold the elections for the three divisions as usual before the supercession.

We beg to remain,
Respected Sir,
Your most obedient Servants,

Respected Sir,

I, the undersigned beg to submit the following lines for favour of your kind consideration.

The Government was pleased to order the restoration of the Channapatna Municipal Council, for which the whole of Channapatna is thankful to the Government.

In obedience to the aforesaid Government order, steps were taken to hold the election of the Municipal Councillors, and for the purpose unfortunately the town was divided into seven blocks so as to have a chance to only three - leading Congress Community viz Vokkaligars, Banajigars and Reddies to return more candidates - - under this scheme, all the rest scattered major communities lost their chance of returning their candidates, not to speak of muselmans.

The Vajrasaiva(Lingayet) community is an important and major community of the Town scattered all over the town [illegible] many of the seven blocks so made and even greater that the Reddy community. They had no chance of returning their candidate to the Council from any of the divisions which were so spited up as not to give them a chance of having a majority of votes in any of the division.

From time immemorial, ever since the incention of the Municipal Council, a Lingayet was either returned in election or nominated by the benign Government. Even before the supersession of the Municipal Council, the Government was every time pleased to nominate a Lingayath to the Municipal Council. The late Mr. I. Mabasavarajappa and Mr. Yajaman Mallarjuniah are the latest nominated Lingayet councillors

the said unicipal council, and never the council went

In view of the fact that Lan,ayats bein, a ajor comm-nity of the Tow and not bein, lost to the Reddy Communities who have returned two candidates and bein, Lajor to all the rest of the Hindu sub-communities, their claim to represent in the Municipal council, requires to be considered in the interest of justice and equity.

Therefore, I, on behalf of the Lanayat community present myself as a candidate for nomination to the said Channapatna unicipal Council and hope that I would be given an opportunity to serve the public and assure, that services would be much useful to the Public.

I, therefore, pray that I may kindly be given a chance of serving in the unicipality Council by nominating me to the said council. for which act of kindness, I shall ever feel rateful to the Government.

I beg to remain,
Respected sir,
Your most obedient servant.

LETTER TO THE EDITOR

Muslim Representation in Channapatna Council

Sir,

After seven long and sorry years the superseded Municipality of Channapatna is being restored and elections to the Municipal Council are to be held on 18th June 1942 The Electoral Rolls prepared for the ensuing elections are before me as I write this

Channapatna has a total population of 16,000 and odd, in which there are about 8,000 Muslims Before the supersession the town was divided into three divisions for purposes of elections, so that both communities were equitably well represented on the Council Now, as if these divisions were too unruly and large, the town has been divided into seven electoral areas A majority of the Muslim population lives in the eastern part of the town This compact Muslim area is vivisected and parts on all four sides are amalgamated into the Hindu majority areas respectively adjacent to them, so that the Muslim population gets divided to form a minority in six out of these seven divisions

Of a total of fifteen elected Councillors, divisions I and III are exclusively Hindu areas and send one to the Council each Divisions II and IV which send three Councillors each are heavy Hindu majority areas Division V sends three and is a 60 per cent Hindu locality The VI division is Muslim by a majority while the VII is a fifty fifty area, both these send two Councillors each Thus, Muslims can send only two out of a total of fifteen Councillors A protest on behalf of the Muslims on this account was rejected There can be no reality in a self governing body if a strong entity be devoid entirely of proper representation Be it noted that while the Muslim Hindu ratio in population is 8 9 the number of seats in the Council can at best be 2 13 respectively

It looks as if Government has been blinded to the interests of Muslims which it has so long fostered in its paternal care If it is the prejudiced partiality of a misguided officer it may not mean much, but if Government is aware of this and is going easy, there is no salvation for the Mysorean Muslim He has the only option of expressing his bitterest resentment and recording his emphatic protests against such actions and obviously, he should keep away from co operating with such 'self governing bodies" It will not be out of place to mention here that before the supersession, the Council had equal representation in the elected Councillors, from both the communities

This is the most crucial moment in our lives and a Municipality has much to do besides looking after lighting and sanitation of the town Needless to repeat that, if we must work hand in hand with our Hindu brethern we must be placed on an equal footing with them, as before It is imperative, therefore, that our Hindu brethern should also take serious note of the situation and refrain from becoming a party to such disputed issues, for the confidence and trust in their own good selves, that the Muslims, they would desire, should place in them It is no less imperative that Government should take earliest possible steps in effecting an adequate representation of Muslims in the Council by re orienting the harmful methods adopted in this matter

I should only add that, in case this earnest and sincere appeal for the representation of Muslims on a fifty fifty basis goes unheard, Muslims will be compelled to boycott these inequitable and grossly unjust Elections, come what may
